SECARM has the authority to disapprove.

The other case, which is 2 cases in 1, Shadrach and Wilson, are similar to the above. It is a protest case that has lasted forever just like above. With this case the argument is these 2 men were left off the MOH awards made by then SecWar William Seward. SADB forwarded the case to SECARM as Recommend Approval, SECARM forwarded the case to SECDEF to forward to POTUS for final decision. SECDEF sent back to us with no explanation. We are in the process of sending this back to SECDEF to forward to POTUS. The final difference is with Shadrach and Wilson there is time-waiver legislation already in the congressional record.
